LETTER OF REFERENCE

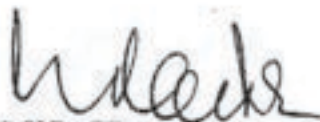

TO WHOM IT MAY CONCERN

We have known and dealt with Tony Easton, the Managing Director of The Flight Company International Limited for many years.

He and his company have always been quick to respond to any enquiry we may have had, has always been diligent and produced the results required, often at quite short notice.

I first met Mr. Easton when I was head of engineering at Damania Airways of Bombay, in the early 90's and he provided us with our first two Boeing 737-200 airliners.

Since then he has assisted us with both corporate jets and helicopters and I highly recommend him and his company to anyone requiring aviation services.
